

STANDARD FEATURES AND CAPABILITIES

PART	PART #	QUANTITY	PRICE	EST. HOURS	PRICE/HOUR
Catcher Tank Slat	316250	Set/12	\$48.00	100	\$0.48
Nozzle Body	317335	1	\$375.00	500	\$0.75
Orifice Assembly	317704-08	1	\$45.00	50	\$0.90
Inlet Body Filter	317715	1	\$19.00	50	\$0.38
Mixing Tube	317122-030	1	\$175.00	100	\$1.75
Garnet Feed Line	318249-56	1	\$11.50	200	\$0.06
Water Filter	209272	1	\$12.50	250	\$0.05
Splash Guard	317384	1	\$21.00	250	\$0.08
HP Nipple X 30.75"	317719	1	\$125.00	1000	\$0.13
HP Nipple X 42.56"	317721	1	\$150.00	1000	\$0.15
HP Nipple X 64"	317720	1	\$195.00	1000	\$0.20
Pump Oil Change		42 oz. 30 wgt.	\$10.00 ¹	500	\$0.02
Electrical Cabinet Filter	208896	1	\$7.00	500	\$0.01
Pump Maintenance (Minor) ²	Remanufacture	1	\$1,250.00	1000	\$2.38
Pump Maintenance (Major) ²	Remanufacture	1	\$3,500.00	2000	

OPTION 1: 85HPX GARNET (INDIVIDUAL BUCKET)

Less Space Required; Best Option For Low Utilization	318745	0.25lb/min	\$1.23/lb (delivered), 15lbs/hr	1	\$18.41
TOTAL PRICE FOR OPTION 1:					\$25.75

OPTION 2: 85HPX GARNET (METRIC TON IN 55LB BAGS)

More Space Needed (Crate Size); Much Lower Cost Per Lb.		0.25lb/min	\$0.45/lb (delivered) ³ , 15lbs/hr	1	\$6.75
TOTAL PRICE FOR OPTION 2:					\$14.09

Estimate is based on historical average from empirical observations and will vary based on machine utilization, water quality, operational experience, and maintenance practices.

¹ Estimated cost of standard 30wgt oil (not sold by OMAX).

² Combined pump maintenance costs and estimated freight costs.

³ Estimated cost. For current cost of metric ton increments of garnet, contact Barton Mines (www.barton.com).

OMAX Corporation has taken the same technology that's been proven in the industrial environment, scaled it down, and put it into a high-performance, compact abrasive waterjet, the ProtoMAX. This small footprint machine is ready to work right out of the box, making it ideal for educational institutions, prototypers, makerspaces and hobbyists.

Visit www.protomax.com for more details.
